Background & Credentials

Sundi Sturgeon's unique approach and gift is to empower her clients to reach their highest potential in a loving and safe environment. She provides her clients with tools necessary to obtain a coherent fulfilled state of being. Sundi's loving and accepting presence is felt in her nurturing embrace. Her clients describe Sundi as a truly gifted "Earth Angel."

Sundi's passion stems from her life lessons and travails, including traumatic health challenges, overcoming cancer, fibromyalgia, and a variety of addictions and abuses, marked with two near-death experiences.

Through her personal dark night of the soul experience, Sundi birthed a new belief system inspiring her discovery of unrealized potential, self worth and personal empowerment. Sundi Sturgeon is a Certified Reiki Master, Intuitive Empath/Healer, CHT, NHC, a certified Doreen Virtue Angel Practitioner, currently enrolled in a doctorate program. Sundi will complete her doctorate in integrative medicine with a focus in holistic/quantum medicine in 2016.

Sundi is a wife, mother and grandmother who is devoted to caring for all Earth's living beings. She is a resident of Kihei, Maui, where she lives with her husband, Joseph. As Quantum Energy Healing practitioners they co-founded the Holistic Light Rejuvenation Center, an educational and charitable organization promoting holistic and cellular rejuvenation services. Sundi's story has been included in the books, *Women On a Mission*, *Pink Think*, *Grow Richer*, *Activating the DNA of Wealth*, *In the Presence of Angels*, Karen Tants, and Doreen Virtue's latest book, *How To Get Your Life Back*, *40 Women Luminaries Share Intimate Stories of Spiritual Awakening: Illuminate Your Joy* and Sundi will publish her upcoming book, *Warrior Woman to Angel Wings*, in 2016.

When you forgive you don't change the past; you change the future.

Wisdom

I'm stronger because I had to be.
I'm smarter because of my mistakes.
I'm happier because of the sadness I've known.
Now I'm wiser because I learned.

Inspiration

"When the Japanese mend broken objects, they aggrandize the damage by filling the cracks with gold.

They believe that when something's suffered damage and has a history it becomes more beautiful."

— Billie Mobayed

Intention

I am a wife, mother and grandmother, I am compassionate about the care of mother earth and the animals. I am an advocate for change.

I am passionate about you and your well being, as we are all a finer reflection of the whole. My compassionate heart centered approach comes from a reflection of my own state of well being.

With gratitude, I look forward to serving you

Client Mentions

"Sundi Sturgeon's intuitive gifts will surely help many as they walk their spiritual path toward finding their own inner healer and wisdom self.

The Angel Card reading that Sundi gave me was profound and accurate. She is blessed with great intuitive gifts. Sundi shares what her work is about and how she receives information from the Angels and Spirit. She is deeply connected and has an organic stream of consciousness from which she works.

Sundi's readings are valid and authentic. Her transmission was in direct relation to what I was working on. The information that came through her gave me direction. I was able to discern what actions to take and what to put on hold and that I am on the right path.

I Honor Your Vision and Bow to the Spirit in You!"

"Thank you for the wonderful reading Sundi, I can honestly say that you are a true lifesaver! You've helped to raise and shift my vibrational energies and have helped to align my soul with great HOPE for the future! I was equally impressed with how you checked up on me to make sure that I was ok later on and that really touched my heart! Love you girl for a fabulous reading and will not be forgotten anytime soon! Blessings of love & light to you Sweetness!" - SC

"I have really enjoyed my sessions with Sundi. The technology along with her guidance really helped me get past a dark heavy time, and into a lighter place to live. This was the beginning of a simpler, more natural existence. The angel card readings were fun, and really accurate." - RG

"I had a period of great challenge and difficulty in my life and I was at a loss of how to cope. Sundi's readings gave me a lot of insight, and helpful advice on how to move forward. I couldn't have done it without her." - JB

"My angel reading with Sundi was great! Sundi is very intuitive as well and has amazing energy. I also experienced a healing session with a vibration regeneration device and felt that my personal vibration was higher. After the session I also felt extremely calm, peaceful and well rested. I highly recommend an angel reading if you are looking for angel guidance as well as the regeneration therapy!" - YL
